

About Us

Wycliffe Enterprises, Inc. doing business as Power Comm is a full service, licensed electrical contractor serving both commercial and government clients in the Washington DC metropolitan area. We specialize in providing the latest technology for low voltage electrical systems, structured cabling, premise/outside plant, passive optical networks, wireless communications, alarm monitoring (UL 2050), video surveillance, access control, intrusion detection, audio visual, distributed antennae systems and IT deployment. We always utilize our own highly skilled and well trained technicians to perform projects both large and small whether CONUS or OCONUS.
